

## Bubbles Syllabus

This syllabus plan is based on a 30-week teaching year, where each pre-junior class attends 2 hours of instruction per week leading to a total of 60 hours of instruction.

Most of the **Activity Book** activities can be done in class. Some can be explained in class and set for homework to consolidate classroom learning. It is assumed that checking will take place during classroom time.

If what is indicated in this plan is not convenient, the **Christmas lesson** can be slotted in any time a week or two before Christmas. Likewise, for the **Easter lesson**.

If there is time during a lesson, do an activity from the **Teacher's Book Resource Pack**.
