Where does a camel live? In the desert!

A camel lives in the desert!
Lesson 5

1 Circle the things a giant panda has.
   - legs
   - black and white fur
   - wings
   - a small tail

2 Read and listen.

Giant Pandas
A giant panda is a big beautiful bear. It has black and white fur. It has four big legs and a small tail. It also has small eyes and round ears.

Newborn pandas don’t have a lot of fur. They are very small. You can even hold one in your hand! When they grow, pandas can be big and tall like people.

Pandas eat a lot of plants. But their favorite plant is bamboo. They can eat bamboo for 12 hours every day. Pandas need a lot of bamboo to be strong and healthy.

Pandas are endangered. There are not many pandas in the world. Where do pandas live? Pandas live in China. Many pandas live in the mountains. They can also live in the forest. Some pandas live in zoos. People need to take care of them so we can always see these beautiful black and white bears.

Lesson 6

1 Listen again to Giant Pandas.

2 Circle True or False. Correct the false sentences.
   1. A panda has black and white wings.
      True False
   2. A panda has a tail.
      True False
   3. A panda eats a lot of plants.
      True False
