## Help with Pronunciation Units 1 and 2

### Pronunciation

(Short and Long Individual Vowel Sounds /e/, /ɪ/, /ɜ:/ and /i:/)

- The following words all appear in Units 1 and 2 of your Student's Book. They all contain one of the vowel sounds above. Put the words into the table below according to the vowel sound they contain. The words may go in more than one column.

commercial	confirm	determine	direction
divert	exit	heat	incursion
measure	opposite	procedure	schedule
	speed	technical	

/e/ as in ten	/ɪ/ as in sit	/ɜ:/ as in turn	/i:/ as in see

- Now write some non-routine radio-telephony messages incorporating one or more of these words. When you have finished say them out loud for your partner to write down.
