MACMILLAN 175

When brothers **Daniel** and **Alexander Macmillan** founded their publishing company in 1843, they created a place that would recognise and value great contemporary writing. They soon made their mark on the literary world, publishing a range of works by extraordinary authors: **Lewis Carroll**, **Alfred Lord Tennyson**, **Thomas Hardy** and **Rudyard Kipling** to name but a few.

**A love of learning, reading and innovation has always been our mission since the very beginning.**

**"I thought it worthwhile to plant a seed. If a large tree grows from this small seed, we shall be grateful."**

Daniel Macmillan, 1843

# Hop into English

Pre A1 ▸ A1+

DONNA SHAW, MARK ORMEROD, MÓNICA GRAVIER, SILVIA CAROLINA TIBERIO

**Hop into English is a 6-level series for primary level that accompanies pupils through the different stages of their learning process. The series grows together with children, both in its look and in the type of activities each level proposes.**

In **Hop into English**, recurring characters provide contextualized situations for the presentation of the target language, which is then constantly recycled in different scenarios. In the first 4 levels, the songs have been designed as a presentation tool to introduce the target language in an entertaining way as well as to provide enough repetition of the structures for pupils' internalization.

- The *Pupil's Book* with integrated *Activity Book* provides enough practice to consolidate the new language.
- Stories with loveable characters and varied text-types help children develop a taste for reading and make their learning more pleasurable and fun.
- The approach to the learning of language structures moves on from meaningful exposure to activities that help pupils understand how these structures work, making them more aware of the language features.
- Activities throughout the series boost the development of life skills such as creativity, problem solving, critical thinking, autonomous learning, responsibility, collaboration, cultural awareness and respecting diversity.
- Writing is introduced gradually as from Level 1 through guided short pieces that prepare pupils for freer productions in the last two levels.
